Teralux Flat Ceiling Human Presence Sensor

The TERALUX Smart Remote IR Square Zigbee Z06 is a compact universal IR controller that lets you control TVs, ACs, fans, and other IR devices through the Tuya Smart / Smart Life app. Using Zigbee 3.0, it supports voice control with Alexa, Google Home, and Siri, and includes a cloud database of 4000+ brands plus IR learning for custom devices. Features include auto-scan pairing, scene automation, timers, and scheduling. Requires a Tuya Zigbee Hub and continuous DC 5V USB power.

Features

Operates TVs, ACs, fans, and most IR-based devices using a single compact controller.

Ensures faster response, stable performance, and low-power communication with your smart home ecosystem.

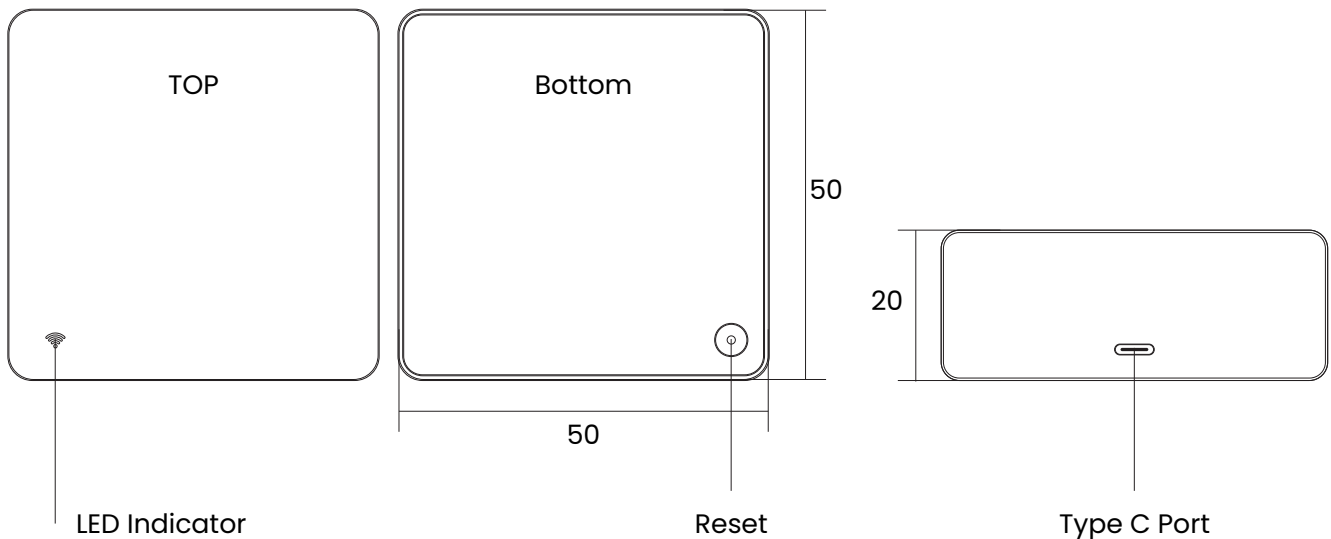

Supports 4000+ brands and 50,000+ IR codes, with IR learning for unsupported devices.

Manage devices remotely via Tuya Smart / Smart Life, and control hands-free using Alexa, Google Home, or Siri.

Set routines, timers, and automated actions for seamless smart home integration.

Simplified pairing process with automatic device detection for quick configuration.
